ANDY LIDDLE

• Cheltenham Town Women FC's Chairman shares his thoughts ahead of today's fixture

Welcome back to the Everyone's Energy Kayte Lane Stadium for this evening's FA Women's National League Southern Premier division game with Gwalia United of Cardiff.

We welcome our nearest rivals in this division, just a short hop on the M4/M5, this game therefore represents somewhat of a derby at this level, and hosting Gwalia under the lights promises to be a fantastic occasion.

We enjoyed three very close games last season, including a memorable away win in the Adobe Women's FA Cup, and I am sure tonight's match will be another equally close encounter.

As the weather closes in, we have a limited stock of hats, scarfs and gloves at the gate, and you can also order online at <https://ctlfcmysshopify.com/>.

We are away at Boldmere in the First Round of the FA Women's National League Plate on Sunday, followed by two more huge games in

the league, firstly a short trip to Oxford United on October 6th, before we return home to face newly promoted Exeter on the 13th, who have made a great start to life in the higher division.

We are delighted to welcome mascots from Gloucester-based Abbeyleigh Rovers Girls U14 Jets this evening. We hope you enjoy the game girls and thanks to coach Judy for organising!

Once again, I thank you all for your fantastic support, and hope you enjoy an entertaining match tonight.

**Andy Liddle,
Chairman**

● The Robinesses Manager looks ahead to today's game...

Good afternoon, and welcome to Kayte Lane for this evening's FA WNL clash against Gwalia United.

I'd like to extend a warm welcome to Fern, as well as all staff, players, and supporters of Gwalia. We're looking forward to an exciting contest and hope everyone enjoys what should be a thrilling match.

The season so far has been one with ups and downs already, however we're improving week on week, and with the hard work and effort that's going into these performances, our results will start to mirror this throughout the course of the season. We've shown in recent weeks that we can be adaptable, but we need to ensure that we continue to "play like us" and cement our identity within games and the season.

As a collective, I believe we're coming together more each week. After a transitional off-season these relationships both on and off the field are growing, improving and starting to shine through.

We're aware that it's not always going to be easy with the quality that is within the division but we're confident as we continue to work hard that we'll prove what we know within our camp that this group can achieve more than those before them and that were still moving in the right direction.

Enjoy the game,

Tom
