ANDY LIDDLE

• Cheltenham Town Women FC's Chairman shares his thoughts ahead of today's fixture

Good afternoon and welcome back to Kayte Lane for our final game of 2024, and what a year it has been!

The next home game will be our Fourth Round Adobe Women's FA Cup fixture with Wolves on Sunday January 12... don't miss it! The first time in our history we have gone this deep in the competition, and a true representation of the 'steady as she goes', sustainable progress approach over the last 12 years.

Today we welcome Milton Keynes Dons Women, and I am sure this will be another hard fought, close encounter, as our fixtures have been of late. There will be no extra time today as we return to league action, and I am sure this will be a relief to everyone after back-to-back 120-minute games in the League Plate and FA Cup.

Last season's game with MK was remarkable as we battled back from a seemingly down and out 1-3 with the clock ticking, only to score three in the last ten minutes. This remains one of the greatest comebacks I have seen from the Robinesses, the drama was palpable.

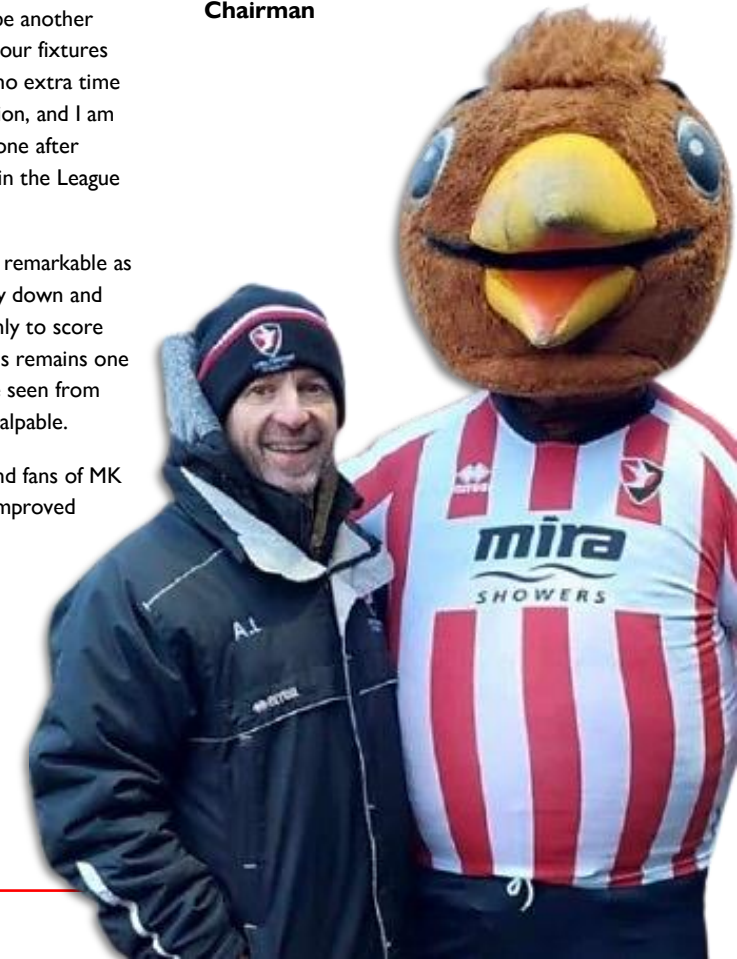

We welcome the players, staff and fans of MK who are in transition, and have improved

dramatically over the last few games after a poor start.

Finally, with one eye on the Wolves game, do please tell friends/relatives/colleagues that if they haven't yet watched their local Women's team, then this is the one to get to. Let's try and bolster the gate, and really get behind the girls. We couldn't go one deeper could we, the Fifth Round!? We dare to dream!

Enjoy the game.

**Andy Liddle,
Chairman**

Tom DAVIES

• The Robinesses Manager looks ahead to today's game...

Good afternoon, and welcome to Kayte Lane for today's league tie vs Milton Keynes Dons. A warm welcome to MK, their staff, players, and supporters.

It's been a great few weeks for us, with a hard-earned 2-1 win over Norwich to progress to an historic Fourth Round of the FA Cup. Following a previous 120-minute game vs Stockport, we showed tremendous resilience, effort and commitment to push through in tough conditions to secure the victory. It's always important to show that kind of character, especially in knockout football, and last week's result was a perfect example of the spirit this team possesses. We're pleased to have made it through and look forward to hosting Wolves on January 12 in a great game.

Right now, however, we have a crucial league

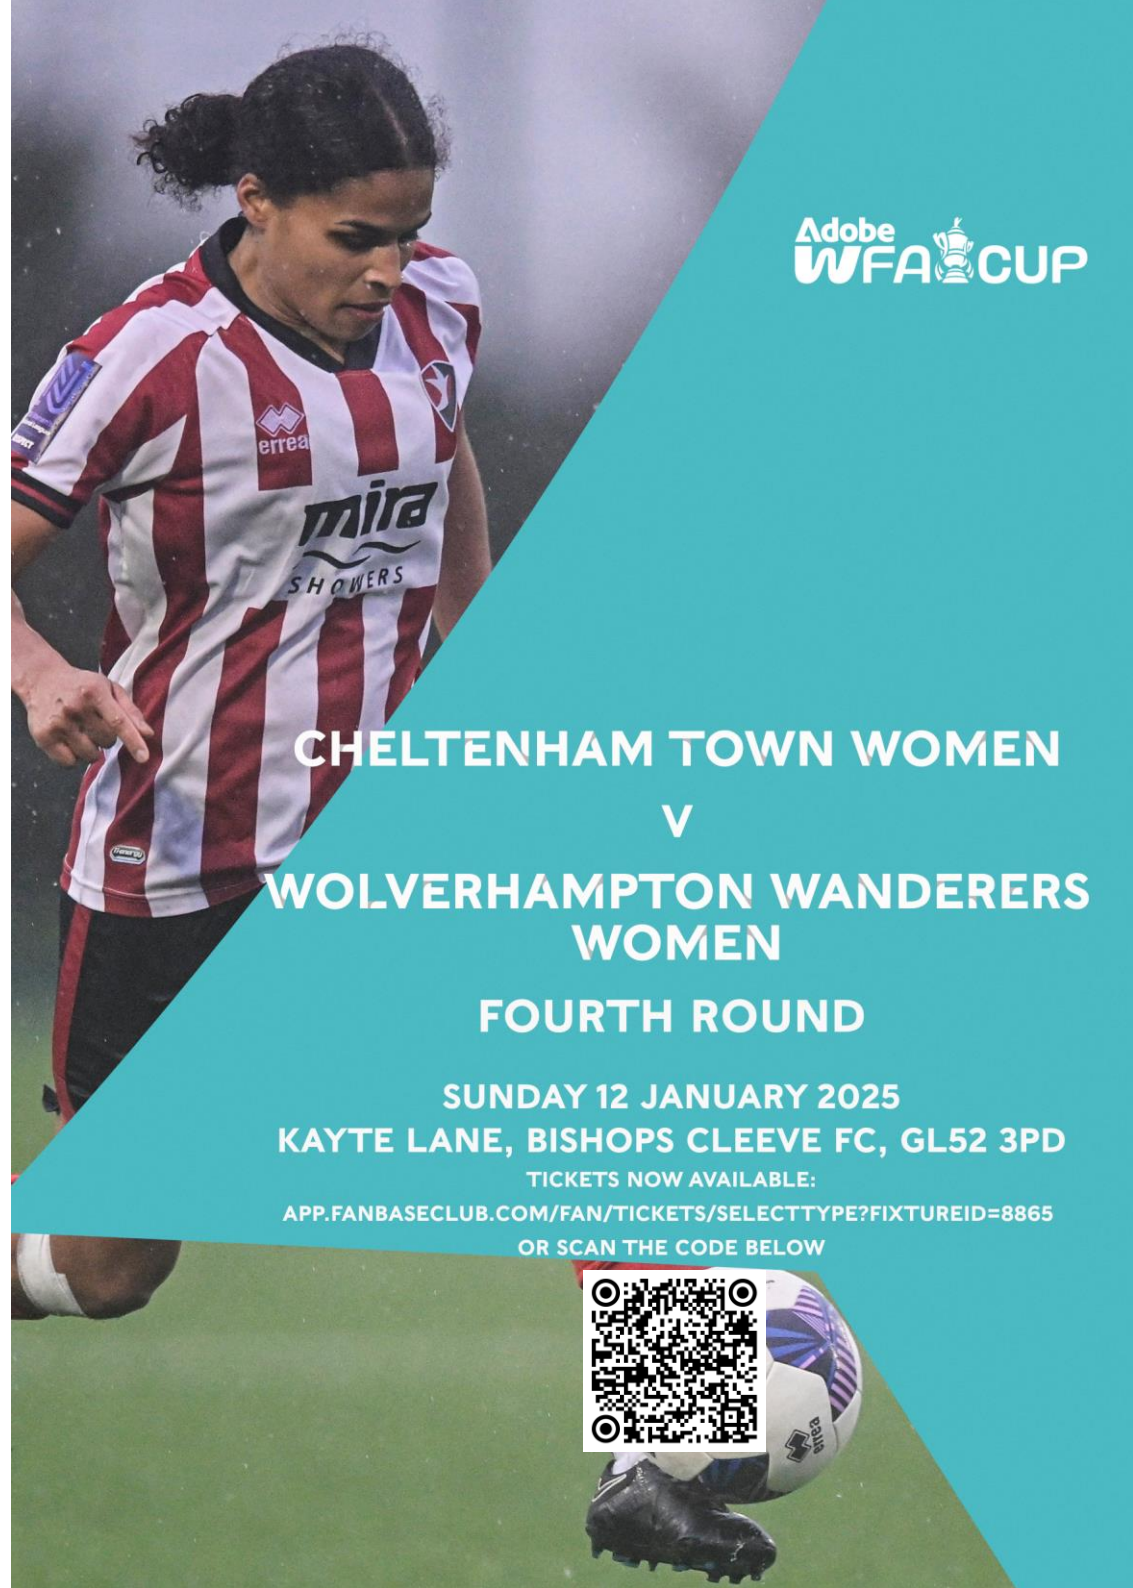

game against MK Dons on the horizon. Following a great win at Plymouth, it's key that we continue this momentum from our recent performances and carry on picking up vital points as we want to push ourselves back up the table. The key now is to build on the momentum we've generated, stay focused, and continue to show the same level of commitment and determination that has served us well so far.

There's still a lot of football to be played, but the team is in great shape, and we're excited for what's to come. Let's make sure we give it everything today and keep pushing forward in both the league and the cup.

**Enjoy the match,
Tom**
